- Communication

WORK EXPERIENCE

English Teacher

Colegio Bruselas • 2019 - Present

- *Lesson Planning: Designing and preparing instructional materials and activities*
- *Classroom Teaching: Delivering English classes using a variety of teaching methods to encourage participation, active learning, and the development of language skills.*
- *Adapting to Student Needs: Customizing teaching to match individual students' skills*

PROJECTS

STUDIO GIBBLI APP

Platzi master project cohort 10

- *A react app that allows the user to keep a track of their favorite Studio Ghibli's movies*
- *I was in charge of the design of the app, the API consumption, the search engine and the emojis rating*
- *The project was developed with the SCRUM methodology*

POKEDEX

Personal project

- *Project developed using React.js*
- *The project was designed first in Figma*
- *Designed for searching any pokemon from the 1st Gen to the 9th Gen, allowing you to see their entry and stats*
